**Scenario:** We have figured out what happened to Malaysian Airlines 370. You're the Air Marshall. Save the passengers, the aircraft and the crew.

**Start Position:** Seated in the window seat, IDPA weapon loaded to division capacity and concealed.

**Procedure:** At the signal, slide to the aisle seat and engage terrorist T1 & T2 (steel poppers) until they fall. Proceed down the aisle to the cockpit engaging terrorist as they become visible. Engage all paper target with at least 2 rounds.

**Safety note:** Steel must fall before you leave your aisle seat.

**BUG Stage Procedure:** Not Applicable
